

UCWDC Judge Certification Examination Information & Frequently Asked Questions

The UCWDC has three levels of Judgeship: Fundamental, Journeyman, and Masters for both Couples and Line Dance.

There are four levels of testing:

1. The Entrance Examination is a general knowledge exam of basic foundations applied to the dances which coincides with Curriculum # 1. These principles are applied to each of the dances. To be admitted into the program you must pass this exam. A qualified individual should have no problem demonstrating and discussing the topics as these are foundational to our sport.
2. The Fundamental Examination corresponds to Curriculum # 2. This examination covers all aspects of judging Newcomer and Novice levels.
3. The Journeyman Examination corresponds to Curriculum # 3. This examination covers all aspects of judging Intermediate and Advanced levels.
4. The Master Examination focusses on the highest levels of technique, artistry, as well as other important facets needed to judge our highest level.

Specifics of each examination

A. Entrance examination: There are two parts of the entrance examination.

1. Since examinations are administered on zoom or in locations where space is limited, we require a short video of the candidate demonstrating the dances being evaluated to music. (It is easy and can be done on your phone). Please note we do this as many times when online the music and movement does not always synchronize. Master dancers who apply to become a judge may request an exemption from submitting a video if they have had two students in the top 5 at the Worlds Championship in the Intermediate or Advanced Divisions.
2. You should be able to easily discuss and demonstrate the topics in Curriculum #1 as they pertain to our 8 dances.
The curriculum can be found on the Judge Certification page.
3. Upon successful completion of the examination, "Apprentice Status" is granted. Your name will appear on the judge pool roster as an "Apprentice." This means that you have completed the entrance exam and are in the process of completing the next level of testing while working on apprentice items such as learning about using ballots, rules, etc.
4. The Entrance Exams is 2 hours long. You will use two examiners who will have one hour each to help complete your test. You have 15 months to complete this exam beginning when accepted into the program (although we encourage you to complete the examination as soon as possible). This exam is available online or in person.

Note: you must be a Journeyman judge to judge at the UCWDC World Championship.

D. Master Examination:

1. The highest level of Adjudicator is the Master Level Status. To test for this level, you must submit a current resume indicating current training you are receiving, teaching, and coaching status (include levels), competitive results for yourself or students (lists levels and placements) and how often you are judging. Please include all information that shows you are actively involved in our dancesport to the Vice President of Judge Certification.
2. The judge certification committee will review your request and resume. Upon acceptance, you have 2 years to complete the examination. The examination is 4 hours long. Two or more examiners will be used for this test.

UCWDC Judge Certification Examination Information & Frequently Asked Questions

Frequently Asked Questions

How do I prepare for the examinations? If you are applying to become a judge, you should already have the knowledge needed to pass the examinations. However, you will want to prepare such that you are able to easily describe, discuss and demonstrate all test material. Please go online and download the documents on the Judge Certification website, specifically the fundamental curriculum, methodology, and the standards of the dances. You may want to train with someone to be sure you are knowledgeable in all areas.

Who should I study with? You should study with those individuals who will assist you based on your learning style. Please see the official UCWDC Educators List on the UCWDC website. However, you may use current judges, or professionals of your choice. As you oversee your own training, we encourage you to study with various individuals, so you have a well-rounded view of the material. It is important that during the examination you can demonstrate and discuss all points of the curriculum.

Who will be my examiner(s)? All examiners are listed on the UCWDC website. You choose two examiners for your examination. Testing is available online as well as in person.
